## **Rules**

1. There can be maximum of 2 participants in a team.
2. Books and mobile phones are not allowed to lab.
3. To write queries for the asked problem statements (in second round), the schema diagram will be provided.
4. Participants should execute asked queries in SQL only.
5. Entry fees will be Rs... per team.

## **Number of rounds: 2**

### **First round: Multiple choice**

- ❖ 30 multiple choice questions in 30 mins.
- ❖ Depending upon entries teams (min. of 10 teams) will be selected for second round.

### **Second round: Query and Execute**

- ❖ The team will be provided with problem statements, and then the team members have to write queries on given white paper and execute same on computer within the time given.
- ❖ First three teams will be selected as winners depending upon time.
- ❖ If none of them finishes the execution of all queries on computer depending upon the number of correct queries winners will be selected.
